POSEJDON Office Complex

Szczecin

The multi-functional Posejdon Center complex is located in the very heart of the city of Szczecin. We had the opportunity and pleasure to design, manufacture and start-up BMS and MCE installations, as well as to deliver and activate over 900 WLHP heat pumps. The investment combines office, hotel, sales and service functions.

Project highlight:

The largest facility in Poland with the lowest energy consumption, i.e. NZEB: Nearly-Zero Emission Building.

Installations:

 Effective Energy

 Automation

Completion date:

2020
