HI Piotrowska 155 Complex

Łódź

This investment was made in Łódź, at Piotrowska Centrum interchange. The complex consists of two buildings with total area of 21,000 m² of class A+ office space and 5,000 m² of sales and services space, and a hotel. The order from the General Contractor ERBUD S.A. was to provide comprehensive low-voltage installations for the entire facility in the scope of Shell&Core together with BMS and MCE. Currently, we continue conducting works on the premises of other tenants in the building. The facility was ranked Excellent in the BREEAM certification system.

Installations:

-  Integration
-  Automation

Completion date:

2020
